

Flexible Abrasives - Flap discs

FASTCUT SE flap discs

for steel and stainless steel

Application

- + For demanding grinding of ordinary and stainless steel of various grades
- + For demanding grinding applications on different steel and stainless steel grades

We recommend

- + Grit size 40/60 for high stock removal
- + Grit size 80/120 for fine work
- + Best results when used on powerful angle grinders

Advantage

- + Maximum stock removal thanks to FASTCUT technology
- + Very good stock removal and lifetime
- + Chemical purity prevents corrosion, pitting corrosion and reduction in fatigue strength for the best results on stainless steel
- + Fatigue strength for the best results on stainless steel
