

Flexible Abrasives - Flap discs

STANDARD SOFTJOB flap discs

for steel and stainless steel

Application

- + For surface improvement and preparing for welding work as well as cleaning welding seams on various steel and stainless steel grades
- + For grinding contours, profiled surfaces, handrails and pipes as well as for cleaning rust and paint residues

Advantage

- + Maximum flexibility thanks to specific design
- + Perfect for hard-to-reach places thanks to offset arrangement of the fabric
- + Saves working time

We recommend

- + Grit size 40/60 for high stock removal
- + Grit size 80/120 for fine work
